## SOFT SKILLS

- Team Work
- Creativity
- Punctuality
- Attention to details
- Communication
- Problem Solving and Analytical

Thinking

## HARD SKILLS

- Basics of programming in the  
C/C++ language
- Modeling
- Creating games in Unity
- Frontend basics
- Ability to use the Microsoft office  
package
- PostgreSQL
- UI/Ux design

## PROFESSIONAL PROFILE

I am a student at a Polish university, Collegium Da Vinci, currently in my second year of studies. I have been acquiring valuable skills in the field of information technology, and I am eager to further develop my expertise in this area. My goal is to work in a professional capacity, leveraging my knowledge and passion for IT to contribute to the ever-evolving world of technology.

## WORK EXPERIENCE

### Intern - KFC (May 2023 - October 2023)

At KFC, I served in the Service department, a role that instilled in me the values of responsibility, effective communication, stress resilience, and determination. This experience heightened my customer-centric approach and honed my problem-solving skills in a fast-paced environment.

### Ongoing Academic Growth

During my university studies, I had the opportunity to engage in a wide range of stimulating IT-related projects. These experiences included hands-on work in areas such as modeling, C++ programming, artificial intelligence, and Unity-based game development. Exploring the intricacies of Linux operating systems further broadened my technical expertise.

In my current academic year, I am actively expanding my knowledge and skills. I am delving into the realms of both object-oriented and structural programming, aiming to master these essential programming paradigms. Additionally, I am excited about upcoming coursework covering web design, database management, and computer networks, which I am confident will equip me for more complex challenges in the field of Information Technology.

## GOAL:

Driven by a passion for technology, I am eager to continue learning and contribute my skills to the rapidly evolving field of IT. I am seeking opportunities to further develop my abilities, make a meaningful impact, and thrive in a dynamic and innovative IT environment.

## EDUCATION

Bachelor's in Information Technology - Collegium Da Vinci

## LANGUAGE

---

- English - Upper Intermediate
- Polish - Upper Intermediate
- Ukrainian - Native

## COURSES

---

- Introduction to Programming (C++)

Yandex Academy, Higher School of Economics (HSE University)  
<https://stepik.org/cert/1982429>

- Programming in C++

Dmitrij Dubrow  
<https://stepik.org/cert/1980236>
